PROPERTY DESCRIPTION

THE CAMPUS consists of 5 buildings on individual tax parcels, ideal for future individual disposition or refinancing. The entire site is secured via 6' ornamental metal fencing, features multiple exterior break areas with mature landscaping for shade, and has interconnected walking paths. We are located along several major public transit routes as well as adjacent to all the typical airport amenities (hospitality, restaurants, and services).

INTERIOR FINISHES

Floor coverings are a combination of carpet and ceramic tiles. Walls are mostly painted drywall over insulation and furring. Ceilings are a combination of hard ceilings and acoustic tiles in suspended grids with recessed can and fluorescent light fixtures. HVAC is provided to building 1 via existing single pack units, building 6 with to be installed units, and buildings 2 and 3 with newly installed air-cooled chillers. With individual DDC controls. Buildings are equipped with fire safety sprinklers throughout.

EXTERIOR FINISHES

Site improvements include asphalt parking areas/driveways surrounding the campus on all sides but the boundary along Tucson Blvd., As well as interconnected sidewalks and walking paths, and mature landscaping. The subject is midway through a total parking re-coat and re-stripe to economize and maximize parking counts. Estimates are currently 850+ spots however final numbers are yet TBD. The site is powered by 7 megawatts with dedicated underground feeder and auxiliary overhead feeder. Water provided by City of Tucson, Natural Gas by SWGas, Century link main fiber spine in street.

RECENT OWNER CAPITAL EXPENDITURE

- New 250-ton air cooled chiller and DDC controls to Building 2
- New redundant 140 ton and 70-ton chiller and DDC controls to Building 3 occupant
- Utility monitoring systems
- Parking lot re-coat and re-stripe
- Various refresh and updates to the common areas
